The Redskins defense allowed only 80 rushing yards per game in 1983, by far the best in the NFL. It is ridiculous in my opinion that their LB's are listed at -2, -2 and -1, among the worst groups in the whole card set. It's up to you which you use, but I've listed them all with -3 tackle ratings to beef up the Redskins run defense to an appropriate level in my opinion</div> <div>[Lee Harris]</div>
